JOB: LEVEL 2 THERAPIST NOTES

ACTIVITY

4. My Town

PREPARATION

Print the resource onto light weight card.

You are going to make a town and role play in it with the people.

1. Cut out the people and stick onto toilet rolls or leave a tab at the bottom and shape this into a circle so the person can stand on their own.
2. Leave a tab at the bottom of all the other pictures. Make a vertical cut through the tab and fold one half forward, one back, to act as a stand.
3. Together decide where you are going to put all the places and vehicles.
4. Decide on which person you each want to be.
5. Begin the play by talking about where your person is going and what they are going to do and then move them into position.
6. Encourage the child to join in moving their person to a place in the town and adding some language about what they are doing.
7. Add social language exchanges and some problems that need communication to resolve.
